

TNS-P001 — Project Scope

Version: 1.0 **Status:** Draft **Document ID:** TNS-P001 **Document Classification:** Project Planning **Owner:** TeerNetStudio **Related Documents:** TNS-001, TNS-C001, TNS-C002

Project Overview

The Project Scope defines **exactly** what TeerNetStudio will create for the Client.

It serves as the project's blueprint by documenting objectives, deliverables, timelines, responsibilities, pricing references, and approvals.

Once approved, this document becomes the primary reference throughout the project lifecycle.

Project Summary

Project Description

Provide a brief overview of the project.

Project Objectives

What should this project achieve?

Examples:

- Increase brand awareness
 - Promote an event
 - Improve social media appearance
 - Launch a product
 - Build a professional identity
-

Target Audience

Who is this project designed for?

Examples:

- Students
- Professionals
- Parents

- Gamers
 - Businesses
 - General Public
-

Success Criteria

How will both parties know the project has been successfully completed?

Example:

- Deliverables completed
 - Client approval received
 - Final files delivered
-

Why This Matters

A clear understanding of the project's purpose helps both the Client and TeerNetStudio stay focused on achieving the same outcome.

End of Phase 1 — Project Identity

Phase 2 — Creative Brief

Existing Assets

Client will provide:

☐ Logo

☐ Images

☐ Brand Colours

☐ Brand Guidelines

☐ Fonts

☐ Icons

☐ Copy/Text

☐ QR Code

☐ Social Handles

☐ Others

Content Responsibility

Who provides content?

☐ Client

☐ TeerNetStudio

☐ Shared Responsibility

Why This Matters

Creative work becomes faster and more accurate when the project's visual direction is clearly defined before design begins.

End of Phase 2 — Creative Brief

Phase 3 — Deliverables

3.1 Project Deliverables

This section defines every item TeerNetStudio will deliver upon successful completion of the project.

Only the deliverables listed below are included within the agreed project scope.

Deliverable	Quantity	Status

3.2 Deliverable Specifications

For each deliverable, define the required specifications.

Example

Item	Details
Name	Instagram Promotional Post
Size	1080 × 1080 px
Platform	Instagram
Format	PNG
Resolution	High Resolution

3.3 File Formats

The following file formats will be delivered:

- ☐ PNG
- ☐ JPG
- ☐ PDF
- ☐ SVG
- ☐ AI

- ☐ PSD
- ☐ Figma
- ☐ Canva
- ☐ MP4
- ☐ Other:

Only the formats selected above are included.

3.4 Source Files

Editable source files:

- ☐ Included
- ☐ Not Included

If included:

Specify formats:

3.5 Commercial Usage

Commercial usage rights:

- ☐ Included
- ☐ Personal Use Only
- ☐ Custom License

Refer to **Section 10 – Copyright & Ownership** of the Creative Partnership Agreement for licensing details.

3.6 Out of Scope

The following items are **not included** in this project unless specifically added through a revised quotation.

Examples:

- Printing
- Social media posting
- Copywriting
- Photography
- Videography
- Paid advertising
- Domain registration
- Website hosting
- Motion graphics
- Additional concepts
- Additional deliverables

Other exclusions:

TeerTip

A clearly defined project scope protects both the Client and TeerNetStudio by preventing misunderstandings about what is and isn't included.

Why This Matters

Defining deliverables before work begins ensures that everyone shares the same expectations regarding the project's outcome.

A clear scope leads to smoother collaboration, more accurate quotations, and better project planning.

End of Phase 3

Phase 4 — Timeline & Milestones

4.1 Estimated Timeline

Project Start Date

Estimated Completion Date

Estimated Duration

4.2 Project Milestones

Milestone	Target Date	Status
Discovery Complete		
Scope Approved		
First Draft		
Revision Round 1		
Final Approval		
Final Delivery		

4.3 Dependencies

Project progress depends on:

- ☐ Client Approval
- ☐ Content
- ☐ Logo
- ☐ Images
- ☐ Brand Guidelines

- ☐ Payment
 - ☐ Third-party Assets
 - ☐ Other
-
-

4.4 Timeline Adjustments

The estimated timeline may change if:

- Project scope changes.
- Required information is delayed.
- Additional revisions are requested.
- New deliverables are added.
- Unforeseen circumstances arise.

Any significant timeline adjustments will be communicated before implementation.

TeerTip

Fast approvals usually result in faster delivery.

Why This Matters

Project timelines are collaborative.

Both timely creative work and timely client responses are essential for successful delivery.

End of Phase 4

Phase 5 — Commercial & Approval

5.1 Commercial Summary

This section summarizes the commercial terms agreed upon for the project.

Item	Details
Project Value	₹
Currency	INR
Tax	Included / Excluded
Payment Schedule	As per TNS-C001
Payment Status	Pending / Partial / Paid
Invoice Reference	TNS-C002

Overall Health	☐

Health Legend

- ☐ On Track
- ☐ Attention Required
-  Action Required

○ Not Started

This dashboard should be updated throughout the project whenever significant progress occurs.

TeerTip

A healthy project depends on more than great design.

Clear communication, timely feedback, and organized collaboration keep projects moving smoothly.

5.6 Final Approval

By approving this Project Scope, both parties confirm that:

- The project objectives are understood.
 - Deliverables are accurately listed.
 - Timeline expectations are accepted.
 - Commercial terms are understood.
 - Revision allowance has been agreed.
 - Any work outside this scope may require a revised quotation.
